

Specifications – Sonos Controller for iPhone™

Specification	Description
Apple compatibility	Supports iPhone, iPhone 3G, and iPod touch. Requires iPhone or iPod touch software version 2.0 or greater. Latest version of iTunes and software recommended. Sonos cannot wirelessly access music that is stored only on your iPhone or iPod touch.
Sonos software requirements	Version 2.8 or higher
Wireless connectivity*	The iPhone and iPod touch connect to your Sonos system through your home WiFi network.
Language support	English, German, French, Spanish, Italian, Dutch, Swedish

* Internet connection required for access to Internet radio stations, online music services and software updates (DSL, cable modem or LAN-based high-speed Internet connection required.) Internet functionality may require payment of separate fee to a service provider; local and/or long distance telephone charges may apply. Note: All specifications subject to change without notice.
